SUPERSEDES:

FBIS Collection Requirement No 84-14:

1. This is the updated National HUMINT Collection Plan which includes numerous collection objectives for which FBIS is responsible. The Intelligence Community and FBIS have determined that FBIS can respond fully to these objectives from sources available to you. FBIS performance will be evaluated on your selection and processing based on these requirements. Components should read page 6 which praises FBIS as an "invaluable intelligence contributor" to political and economic coverage of Brazil.

There is also an unclassified list of key personalities for monitor and contractor reference. The field does not need to keep this memorandum or the classified version of the collection plan.
